Corian® Solid Surface

NEW LOOKS, COMBINED WITH THE POWERFUL QUALITIES OF CORIAN® SOLID SURFACE, HAVE BEEN CREATED FOR DAZZLING OPTIONS. CARRARA, ARTISTA AND SPARKLING GRANITA TAKE DESIGN IN UNIQUE NEW DIRECTIONS, ENCOMPASSING HIGH PERFORMANCE AND HIGH-LEVEL BEAUTY.

Inspired by nature's most revered stone, the Carrara collection offers classic, contemporary style. Two veined options, cool gray CARRARA LINO and warm beige CARRARA CREMA, embody modern relevance whether enhancing a residence or commercial setting. With the intrinsic features of Corian® Solid Surface built in they appear regal and elegant in a kitchen or bath, or powerful and strong in wellness or retail spaces.

The Artista range presents subtle, neutral colors and then adds energy with pronounced veins coursing through the surface. Specially created designs in ivory ARTISTA CANVAS, cool ARTISTA GRAY, warm ARTISTA BEIGE, and sultry ARTISTA DUST are designed to excel in any space. Easy to maintain and hygienic, while hiding life's little everyday mishaps, the range is neutral enough to stand as a background, and stylish enough to each make individual style statements.

Effervescent crispness is integral in SPARKLING GRANITA as it dances with translucent and sparkling particles. The refreshing concept for simple white is perfect for healthcare, retail and food service and it also adds an upbeat note to residential design.

Whether classically inspired, crafting complex designs, or adding fizzy freshness to simple white, the new colors of Corian® Solid Surface are created with an eye for style and ongoing function, and above all to make the Everyday Extraordinary!

Corian® Quartz

THE NEW AESTHETICS OF CORIAN® QUARTZ ARE A DRAMATIC ADDITION. CORIAN® QUARTZ HAS LOOKS FOR EVERYTHING FROM THE HOME KITCHEN, TO THE RESTAURANT DINING ROOM, TO THE BOARD ROOM THAT MAKE THE EVERYDAY EXTRAORDINARY.

The cement colors are inspired by rugged industrial style, but refined with subtle details and a subtle matte finish. With a simplified palette of colors, light Neutral Cement and dark gray Carbon Cement are ideal for retail and hospitality, as well as contemporary residential interiors.

Warm tones are on-trend and are reflected in off-white and beige aesthetics. The aptly named Beige Royale, with its subtle patterning, is a polished, style chameleon that can change from formal to casual looks in an instant whether in commercial or residential environments. The stunning, polished Alabaster Terrazzo celebrates the quirky energy of mid-century modern design, with unique, light-catching translucent particles. It adds stylish whimsy to hospitality and retail installations, as well as a family kitchen island.

Taking a bold stand, a new series of black and near-black looks arrive to make a statement wherever they appear. Confident and strong, Tahitian Sand's monochromatic particles and Black Goldstone's rich, gold-colored veining have polished surfaces that gleam with presence. With threadlike white veins coursing through the designs, black Night Soapstone and near-black Ironstone sport matte finishes that invoke a sense of quiet strength and beauty. No matter the finish, the aesthetics are designed to lift black from a classic color to an extraordinary presence, from office and retail, to bath and kitchen.

Two new Leathered designs have been created from the ever-popular Ashen Gray and Stratus White, and are now part of the growing Leathered collection. With typical Corian® Quartz durability, they stand exquisite on their own, and can be perfectly coordinated with their glossy counterparts to play visually with the eye and entice the touch of the hand. No matter the application or style, they add yet another dimension of style and possibility.
