Acrylic Solid Surface

**IDEAL SOLUTION FOR  
RECREATIONAL VEHICLES**

When you are on the go and enjoying life, do you know that your recreational vehicles are heavily exposed to dirt and moisture?

How can we keep the interior of your recreational vehicles looking fresh, clean and durable?

MEGANITE meets the challenges of today's recreational vehicles by offering a versatile, durable, weatherproof and affordable product solution that withstand wear and tear while looking great too.

## MEGANITE'S SOLUTIONS

- ▶ Light-weight: Easy to tow, thus less fuel costs when towing them. If you use a heavy weight countertop, it will impact the efficiency of the vehicle.
- ▶ Easy to clean and hygienic: Non-porous characteristics of solid surface limits stains and mildew growth, thus ease the cleaning maintenance.
- ▶ Seamless: No crevices to trap dirt and bacteria
- ▶ Highly durable: Withstand wear and tear in high traffic area
- ▶ Easy to repair: Simple to repair without disassembly
- ▶ Unlimited design possibilities: Thermoformability possibilities in small and restricted spaces
- ▶ GREENGUARD | GREENGUARD GOLD Certified (Key Indoor Air Quality Certification)
- ▶ Class 1(A) Fire Rating (USA), Euro Class B s1 d0
- ▶ NSF/ANSI Standard 51 Certified for food contact
